Testimonials from clients who took the intensive Hypnosis training:

She knows her stuff – all of it! How great to learn from a master – we have hugely benefited from Yvonne’s years of knowledge. It was all taught in an easy to understand, clear and precise way – Absolutely LOVED the whole experience. Thank you.

Huge! Changes the structure of all my current packages into full service, results based, well rounded programs. I can now see to it that my clients have the tools to make and keep to their healthy lifestyle changes.

I loved the personal growth and change that occurred throughout the course. I loved the practical, clear cut techniques – easy to follow step by step instructions. I feel ready to apply this amazing knowledge today!

The intensive Hypnosis/NLP course was absolutely wonderful. I learnt skills that will not only serve my clients but also served to heal me over the 8 days. I am so much more energetic than when I first arrived.

I loved everything!

It is one of the most interesting, inspiring and informative courses that I’ve ever taken. I feel like I’ve taken quantum leaps forward. It ties in beautifully with my practice – in fact it has filled in so many gaps. If you work with people, you will benefit from Yvonne’s training. Yvonne is the course! She brings it alive and generously shares her wealth of experience for all to benefit.

By the way, for those of you who are already hypnosis practitioners, The Master’s Hypnosis Training is here in Toronto. Stage, Ericksonian, Conversational and Persuasion Hypnosis is on the agenda. We have a business college locally that gives great accommodation at a super price.
