I loved the personal growth and change that occurred throughout the course. I loved the practical, clear cut techniques – easy to follow step by step instructions. I feel ready to apply this amazing knowledge today!

The intensive Hypnosis/NLP course was absolutely wonderful. I learnt skills that will not only serve my clients but also served to heal me over the 9 days. I am so much more energetic than when I first arrived.

I loved everything! It is one of the most interesting, inspiring and informative courses that I've ever taken. I feel like I've taken quantum leaps forward. It ties in beautifully with my practice – in fact it has filled in so many gaps. If you work with people, you will benefit from Yvonne's training. Yvonne IS the course!
